kajal Rajput

Web Developer at MakeStudy | PHP • Laravel • HTML • CSS • JavaScript • MySQL • React | BCA Graduate
Jalandhar I, Punjab, India

Summary

I'm a passionate Web Developer and a BCA graduate from I.K. Gujral Punjab Technical University (Main Campus). I specialize in front-end and back-end development using technologies like Laravel, PHP, JavaScript, HTML, CSS, and MySQL.

I have built 3+ academic and personal projects including:

- A Freelancing Platform (Major Project)
- A Portfolio Website
- A Library Management System

I'm currently seeking internship or entry-level opportunities to apply my skills, contribute to real-world projects, and continue learning.

Tech Stack: Laravel, HTML, CSS, JavaScript, PHP, MySQL

Soft Skills: Teamwork, Time Management, Quick Learning

Goal: To grow as a full stack developer and contribute to innovative teams.

Let's connect! I'm open to work and excited to collaborate.

Experience

MakeStudy (Deepak)
